## ALLIED ARMY REPULSED IN ATTEMPT TO OUTFLANK VON KLUCK

### TRUST MAY CONTINUE TO OPERATE IN OTHER LANDS

FEDERAL COURT MODIFIES ORDER WITH REFERENCE TO INTERNATIONAL HARVESTER CO.

COMPANY, NOT SATISFIED, THREATENS APPEAL TO THE SUPREME COURT UNITED STATES

ST. PAUL, Oct. 5.—The decree of the United States district court handed down last August ordering the dissolution of the International Harvester company under the Sherman anti-trust law was amended in a decision given here late today by Judges Sanborn, Hook and Smith, the trial judges, which alters the decree so as not to apply to the foreign trade of the company and changes the original plan of dissolution.

After the announcement of the decision Attorney Edgar A. Bancroft of Chicago, who with Attorney Jno. P. Wilson of Chicago and William D. McHugh of Omaha, represented the International company at today's hearing, gave the court formal notice of his intention to appeal to the United States supreme court from the dissolution decision of the court as amended.

The first amendment made by the court orders the words "and with foreign nations" struck out wherever they appear in the decree, but the court distinctly reserves its power over the property and business of the company, "so far as lawful and necessary to effect a dissolution of the combination."

The amendment regarding the plan of dissolution was first stipulated between the attorney general of the United States and the attorneys for the defendants. The original decree made it compulsory for the company to lay before the court a plan for the separation of the company's business and assets into at least three distinct and separate corporations. Under the amendment the specific number three is eliminated and the plan to be drawn is provided for division of the company's interests in such manner and into such number of parts of separate and distinct ownership as may be necessary to restore competitive conditions and bring about a new situation in harmony with law.

## GERMAN TROOPS COMPLETELY ROUTED IN RUSSIA; LOSS 70,000

Confidence Still Prevails in Paris And London, But People Surprised at Vigorous German Defense

By Associated Press.

LONDON, Oct. 5.—General Von Kluck, reinforced with troops from the German center, continues to make a determined stand against all attempts of the allies to outflank him. The French who yesterday reported that all German attacks in this region had been repulsed and that the allies had resumed the offensive, announced today that the battle to the north of the river Oise which commenced seriously about September 25th, continues with great violence and with no decisive result, and that at certain points the French troops have had to yield ground. The Germans, in their report last night, said the battle was proceeding successfully for them. Both in London and Paris there is the greatest confidence, although some surprise was displayed at the success of the Germans in preventing the outflanking movement of the allies. There is a feeling, however, that the Germans cannot extend their lines much further north without it weakening at some point. Along the rest of the line French communications say there is no change. Therefore, progress in the regions of Scissoni and Woivre, as reported Saturday, either has satisfied them for the moment, or has been checked by the Germans. The fighting there, as on their right, German reports say is progressing favorably for German arms.

Progress by either side must be extremely slow, for after every advance, no matter how slight, troops making it must entrench for protection against the shells of the enemy's guns which are in strong positions from one end of the great line to the other.

Defeat of the German army which invaded Russia from east Prussia appears, from Russian accounts, to have been even more decisive than previously stated. According to the Russian ambassador in Rome, the Germans were completely routed with the loss of seventy thousand men and forced to abandon everything.

### NACO FIGHT CAUSES ALARM

PEOPLE ON AMERICAN SIDE APPEAL TO WILSON FOR PROTECTION; FIGHTING DISULTORY

HILL LOOKS FOR AMMUNITION FROM THE AMERICAN SIDE; MAYTORENA CLOSING IN

By Associated Press.

NACO, Oct. 5.—The siege of Naco continues to be almost as disastrous for the American town of the same name, just across the border as for the object of the Mexican's bad marksmanship. Citizens of the Arizona town have appealed to President Wilson for protection. Troops of both factions have confined the battle to sharpshooting, and this greatly endangers the residents of Naco, Arizona, promising an extended siege.

The Ninth United States cavalry border patrol is actively keeping back the wounded Mexicans, who instantly seek to cross the line and also striving to prevent American curiosity from being fatal to its possessors.

On the east of Naco Maytorena has deployed cavalry which arrived from Cananea late today. On the west of the town the Yaqui Indians are spread out, keeping up a desultory fire which strikes the Arizona town as often as the object of their aim.

Hill claims to have received assurances that the United States will allow shipments of ammunition to cross the border to him while he is besieged.

Reinforcements from Agua Prieta were expected late tonight by Hill, who planned a cavalry sortie.

Several small guns were in action on both sides. Today Hill said his fire silenced two of the enemy's guns but he feared to make a sortie to take them.

The closing in of Maytorena's troops is taken to mean that he will make a serious assault soon.

By Associated Press.

FROM BATTLE FRONT, (via Paris) Oct. 5.—The allied armies, after permitting their adversaries, as they thought, to exhaust themselves by continued attacks, took the most vigorous offensive today. The British and French encountered such strong resistance, however, that their most advanced detachments on the western wing were compelled to fall back. Only at this part of the long battle line, however, did the opposing troops actually come into close contact.

GERMANS REPULSED ON MEUSE.

Special to the Journal-Miner.

PHOENIX, Oct. 5.—A letter of greeting from Mayor George U. Young, Progressive candidate for governor came near being thrown into the waste basket by the Arizona State Federation of Labor at its convention here today. A representative of the Phoenix Cocks and Waiters Union made a motion to reject the letter because of a recent ordinance prohibiting picketing.

A spirited fight took place and finally it was agreed that the minutes should merely record the receipt of the letter.

The second vice-president, Paul White, wrote from Chloride, urging the federation to take steps to defeat the Australian system of taxation, saying it could not be enforced without a law permitting the unlimited bonding of the state. Twenty-five delegates were present at the meeting.

### MEXICAN SHOT AND SUDDENLY KILLED NEAR RY. BRIDGE

SABINO VENARES IS VICTIM OF MIDNIGHT ASSASSIN; MYSTERIOUS PERSON COMMITS DEED

BUTCHER KNIFE FOUND NEAR BODY; THE MAN DIES WITHOUT BEING ABLE TO UTTER WORD

(From Tuesday's Daily.) Last night at 11:15 o'clock a tragedy occurred at the junction of Granite and Willis street, when Sabino Venares was shot down by some unknown person dying one-half hour later. The only intimation of a crime having been committed was when a resident living near the scene of the tragedy heard four shots in quick succession and saw a man run away from the spot where the prostrate form of Venares was found, and the only evidence of a conflict was the finding of a butcher knife by the side of the body which was lying in a pool of blood. Venares never uttered a word after he fell. Sheriff Keeler was summoned within ten minutes after the shots were fired and was soon on the scene. How many of the four shots took effect could not be ascertained last night. The body was taken in charge by Judge McLane, acting as coroner, and an inquest will be held today. The dead Mexican had served several terms in the county jail. It was he who shot up Jerome Junction several months ago, with other Mexicans, for which he served a sentence, which expired but a short time ago.
